

# Voyager Booster Club Registration

**The mission of the Voyager Booster Club is to support monetarily, spiritually, and emotionally the Island School Athletic Program and all of our participating athletes on or off island.**

The Voyager Booster Club is a volunteer organization that helps support the Island School athletic program. All funds raised from membership dues, fundraisers, and donations help to support the Athletic Program and our Student-Athletes. Funds assist with travel to off-island State championship events, purchase of new equipment and uniforms, and addition of new athletic programs at Island School. The Voyager Booster Club also assists the Athletic Department with the annual Athletic Awards Celebration at Island School. The Athletic Program continues to grow every year and support is critical to its success, both monetarily and through volunteerism.
